**MINUTES – ILLINOIS GIS ASSOCIATION
BOARD OF DIRECTORS MEETING**

Tuesday, September 8, 2026

1.0 CALL TO ORDER

The meeting was called to order at 10:02 AM CDT. Those in attendance were: Keith Darby, Mike Kamin, Lauren Lee, Steven Spradling, Renee Buker, Adam Aull, Josh Carlson, Hunter Ray, Burt McAlpine, Dan Bartlett, Megan Galeher, Mark Yacucci, and guests Meagan Briganti and Crystalyn DelaCruz.

Josh sent the minutes from the Professional Development committee meeting after the initial agenda was sent to the board; those minutes will be added to the final agenda posted on the ILGISA site.

A motion to approve the agenda, with the addition of the Professional Development committee meeting minutes, was made by Burt McAlpine, seconded by Mike Kamin, and is unanimously approved.

2.0 APPROVAL OF CONSENT AGENDA

A motion was made by Mike Kamin to approve the August minutes. The motion was seconded by Lauren Lee and is unanimously approved.

3.0 REPORTS

3.1 President's Report

President Darby –

- Reminder that the transition to the new ILGISA board year is coming soon. If anyone is interested in serving as secretary, treasurer, or the chair of a committee, please let President-Elect Lee know. Current committee chairs, please continue to work on transition documents for the new committee chairs.

3.2 Executive Director Report

Megan Galeher reported that membership numbers continue to trend ahead of last year. ILGISA is currently at 615 members, which is 67 members ahead of the same time last year. Budget preparations will begin in mid to late October, once more of the numbers are in from the annual conference.

3.3 Committee Updates

3.3.1 Education Committee

Chair—Adam Aull— The committee is meeting later this month, after the scholarship applications have been reviewed. This year's recipients should be identified by mid September. Adam will provide the recipients' names to Megan for inclusion in the awards Power Point at the annual conference, and so that the scholarship payments can be sent out. Dan mentioned that he is now serving as an adjunct faculty member at Harper College and asked about student membership details

he can pass along to his students. Harper is a university member, so students can email Megan for membership at no extra cost to them.

3.3.2 Finance Committee

Chair—Steven Spradling — The committee will be meeting September 10 to discuss Megan's responses to questions from the last committee meeting.

3.3.3 Governance Committee

Chair—Mike Kamin— The committee met last week to finalize items to bring to the board for approval. More discussion during the action items presented later in the meeting.

3.3.4 Professional Development Committee

Chair—Josh Carlson— The August webinar on web accessibility was well-attended. A recording is available for those who missed it. The virtual workshop series began the same day as the webinar. Two of the three sessions have taken place, with the third session scheduled for tomorrow. No webinar for September planned at this point; the committee is focusing on plans for the annual conference, particularly for the GeoLounge and workshop content.

3.3.5 Program Committee

Chairs—Mike Kamin and Steven Spradling — Megan reported first on the annual conference. Approximately 60 submissions were received in the call for content; the agenda is just about finalized, and acceptance emails will be going out this week. There are still a few 90-minute workshop slots open. 90 people are registered for the conference so far, down from 135 at this time last year. 18 sponsors are confirmed so far, all listed on the ILGISA site. Horner & Shifrin is sponsoring the digital agenda. Bureau County has confirmed that they will be able to let ILGISA borrow laptops and projectors again for the conference. Maggie Cawley from Open Street Map is confirmed for the keynote speaker; once her bio and photo are received, this will be announced to the ILGISA membership. Lucy Stanfield is working on coordinating a field trip Sunday afternoon before the conference to a local farm using GIS, GPS, and drone technology. More details to come on this. Megan put the call for moderators on the conference registration form this year, and so far there are 16 volunteers. For the annual business meeting, Megan will need updated slides from each committee chair outlining the work that has been done this year. Only one raffle prize has been received from an exhibitor so far. If anyone knows of local businesses who might donate a prize, please let Megan know.

Mike reported that he and Steven did a walk through of the casino in Aurora as a potential location for next year's conference. They felt that the event and sponsor space was good for the size ILGISA needs, and the ballroom area can be broken out into various layouts depending on room needs. Rooms have 75" TVs in lieu of projectors. The location is right off of I-88. At this point, there is availability for a number of Sunday through Tuesday options next October; the committee is looking to avoid scheduling next year's conference at the same time as the IPSTA conference, if possible. More information to come as formal proposals are received.

Looking ahead to next year's regional meetings, the committee is hoping to hold meetings at the IDOT and CMAP locations again. More details to come.

3.3.6 Outreach Committee

Chair—Lauren Lee— ILGISA Board meeting agendas are now being posted on the website. Gold sponsors will be featured in spotlight posts on the LinkedIn page soon. Swag for the conference has been selected and will be ordered soon. The committee will next focus on voting for the annual conference Web App Contest.

3.3.7 Strategic Plan Update

President Darby led a review of the strategic plan initiatives; see attached for progress on each goal.

3.4 Action Items

3.4.1 Approve Ballot for Elections

A motion was made by Mike Kamin to approve the 2026 ballot for elections. The motion was seconded by Dan Bartlett.

Discussion -- Mike presented the list of candidates for the ILGISA Board of Directors and for President-Elect, as reviewed by the Governance Committee, and the candidates were discussed.

The motion is unanimously approved.

3.4.2 Approve ILGISA Awards

A motion was made by Steven Spradling to approve the 2026 ILGISA Award recipients. The motion was seconded by Josh Carlson.

Discussion -- Mike presented the list of award recipients proposed by the Governance Committee, and proposed recipients were discussed.

The motion is unanimously approved.

3.4.3 Approve Bylaws Ballot Initiatives

A motion was made by Burt McAlpine to approve the 2026 ILGISA bylaws ballot initiatives. The motion was seconded by Steven Spradling.

Discussion -- Mike presented the list of bylaws ballot initiatives proposed by the Governance Committee. All are minor changes, will be voted on individually, and need a 2/3 majority vote by the members to be approved.

The motion is unanimously approved.

3.5 Other Business

Mark Yacucci reported that issues with data miners were making the state data clearinghouse site slow; those issues appear to be resolved now. LiDAR data is continuing to be released. The statewide parcel project is progressing; Mark will be presenting an update on the project at the

annual conference. Mark will also be attending NSGIC in early November.

4.0 ADJOURNMENT

A motion to adjourn the meeting was made by Burt McAlpine and seconded by Mike Kamin. With no further business, President Darby adjourned the meeting at 11:24 AM CDT.

Discussion

Webinars and Workshops

Demand exists for more workshops and opportunity to go more in depth on topics presented. Simultaneously, securing webinar topics has been more difficult this past year.

For next year: workshops and webinars on alternate months, to give more workshop opportunities.

Suggested: two one-hour sessions on a single topic.

Other ideas: revisit the “virtual panel discussion” concept, podcasts, etc. Other things besides webinars to get content out to members. More to discuss post-conference as we plan for the coming year.

Member Survey

We know from the member survey what topics people want to see, but what about *format*? Is a hands-on workshop even what people want, or would they prefer more of a “spoon-fed” presentation. Would be useful to know.

Annual Conference

Reiterated our tasks for the conference for agenda items and the GeoLounge. Most everything is ready.

Agenda Content

Dan will be running the “Mid Career” panel. Josh has the County GIS panel and a portfolio workshop.

Burt will be presenting his IDE workshop on Monday.

Samikshya and Britney are both panelists.

Action Items

- Ask to add question to member survey about workshop format
- Get current list of registered conference attendees, use to invite panel participants
- Finalize a few GeoLounge activities
